Your dream kitchen at an affordable price!

KITCHENS

2015 / 2016

**A quality
kitchen of
your choice!**

Over the last twenty years Fowles Auctions & Sales have sold or auctioned thousands of kitchens to Victorian builders, property investors and home owners.

Our range of high quality kitchens include two pack doors, water resistant melamine internals and granite or reconstituted stone bench tops, all ready to install.

There are two easy ways to buy a kitchen from Fowles Auctions & Sales. You can attend the Home Renovator Auction on Wednesday at 10am and bid on one to take away that day or we can custom make one for you to suit your individual requirements.

The auction kitchens represent great value and are sold as per the layout with the doors and bench tops as displayed and there can be no changes or additions made.

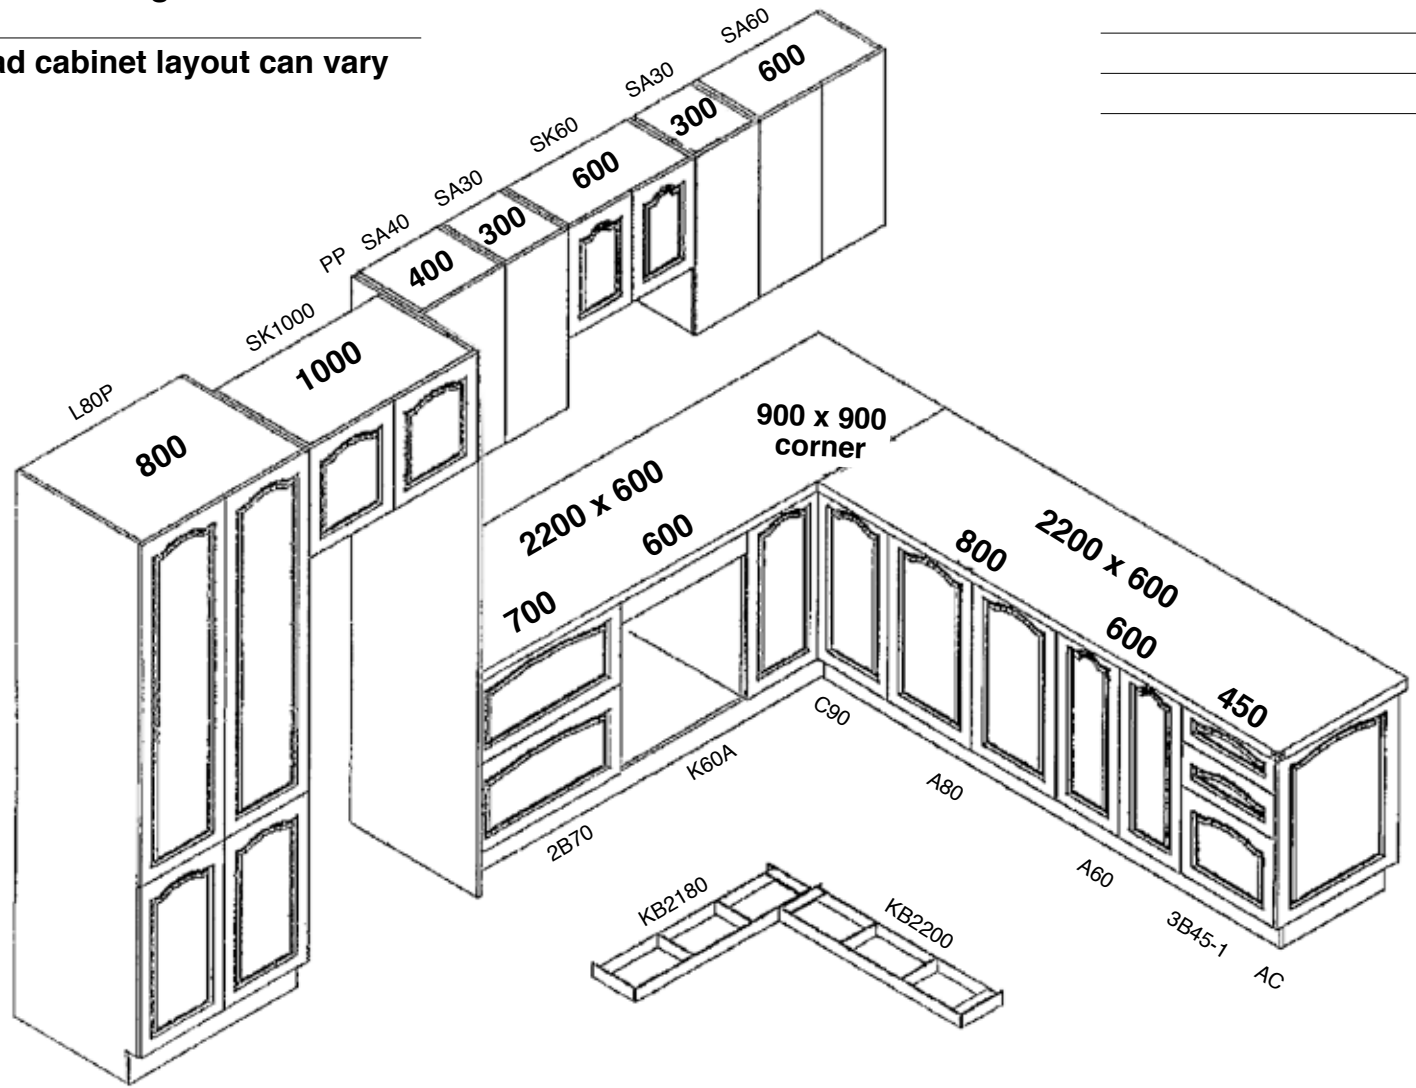

Now due to huge demand we are providing kitchens custom made to suit your individual requirements at auction prices! Just provide us with your layout and we will provide you with a quote.

Plan it your way.. start here!

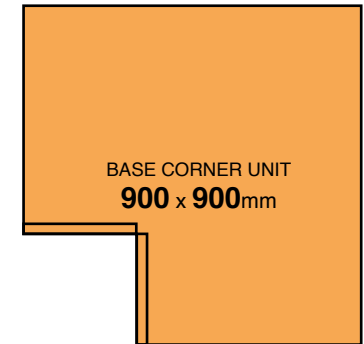

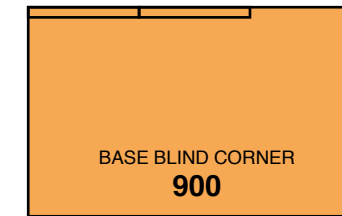

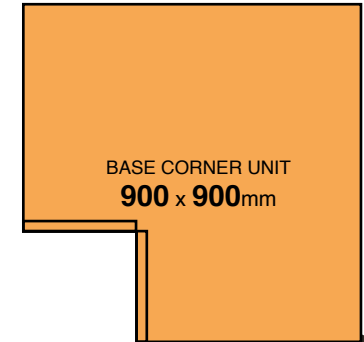

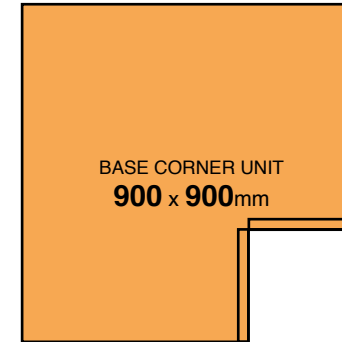

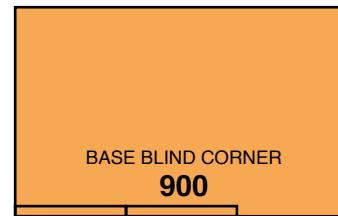

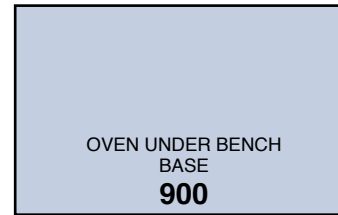

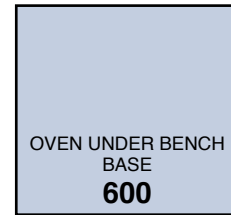

Here are our standard kitchen cabinet units you can use to configure the design you'd like. Measure the size of your space and determine the shape of the kitchen that best suits the area. Note the location of your windows, doors, plumbing, electricity and gas fittings. Then place the cupboards and utilities into a design that suits your needs. Remember the kitchen work flow triangle, whereby you can move from cooking to washing to storage easily. Be sure to have plenty of storage and benchtop space. Simply cut out the shapes and configure your design on the grid. Use what you need and what fits your floor plan and send it to us!

Pick up

Fowles Auctions & Sales have a list of experienced delivery transport companies; see helpful contacts on the next page. If you choose to pick the kitchen up by yourself please organise a day and time with either Megan or Paul. You will need 2 people to load the kitchen so please bring someone with you, and don't forget blankets to help pack around the kitchen cabinets.

Helpful contacts

When you organise your transport company to pick up your kitchen, make sure they send **2 people to load** as granite and kitchen cupboards are heavy and a 2 person lift. Due to OH&S responsibilities Fowles Auctions & sales staff will not be available to load your transportation, the driver will need to do this.
