Grand[®]

OAK FLOORING

GrandOak Flooring's premium grade European Oak Flooring is manufactured with the latest German machinery, to produce a precision engineered floor that will last the test of time.

HICKORY

IMPRESSIONS

Hickory hardwood is crafted using the tongue & groove (T&G) joining system, which creates an old rustic look along the edge of the board. In production, we skilfully round the edges with tool marks replicating a floor from the antique impressionist era of the 17th century.
