LAMINATE

The floor of your home is the foundation of your interior style.

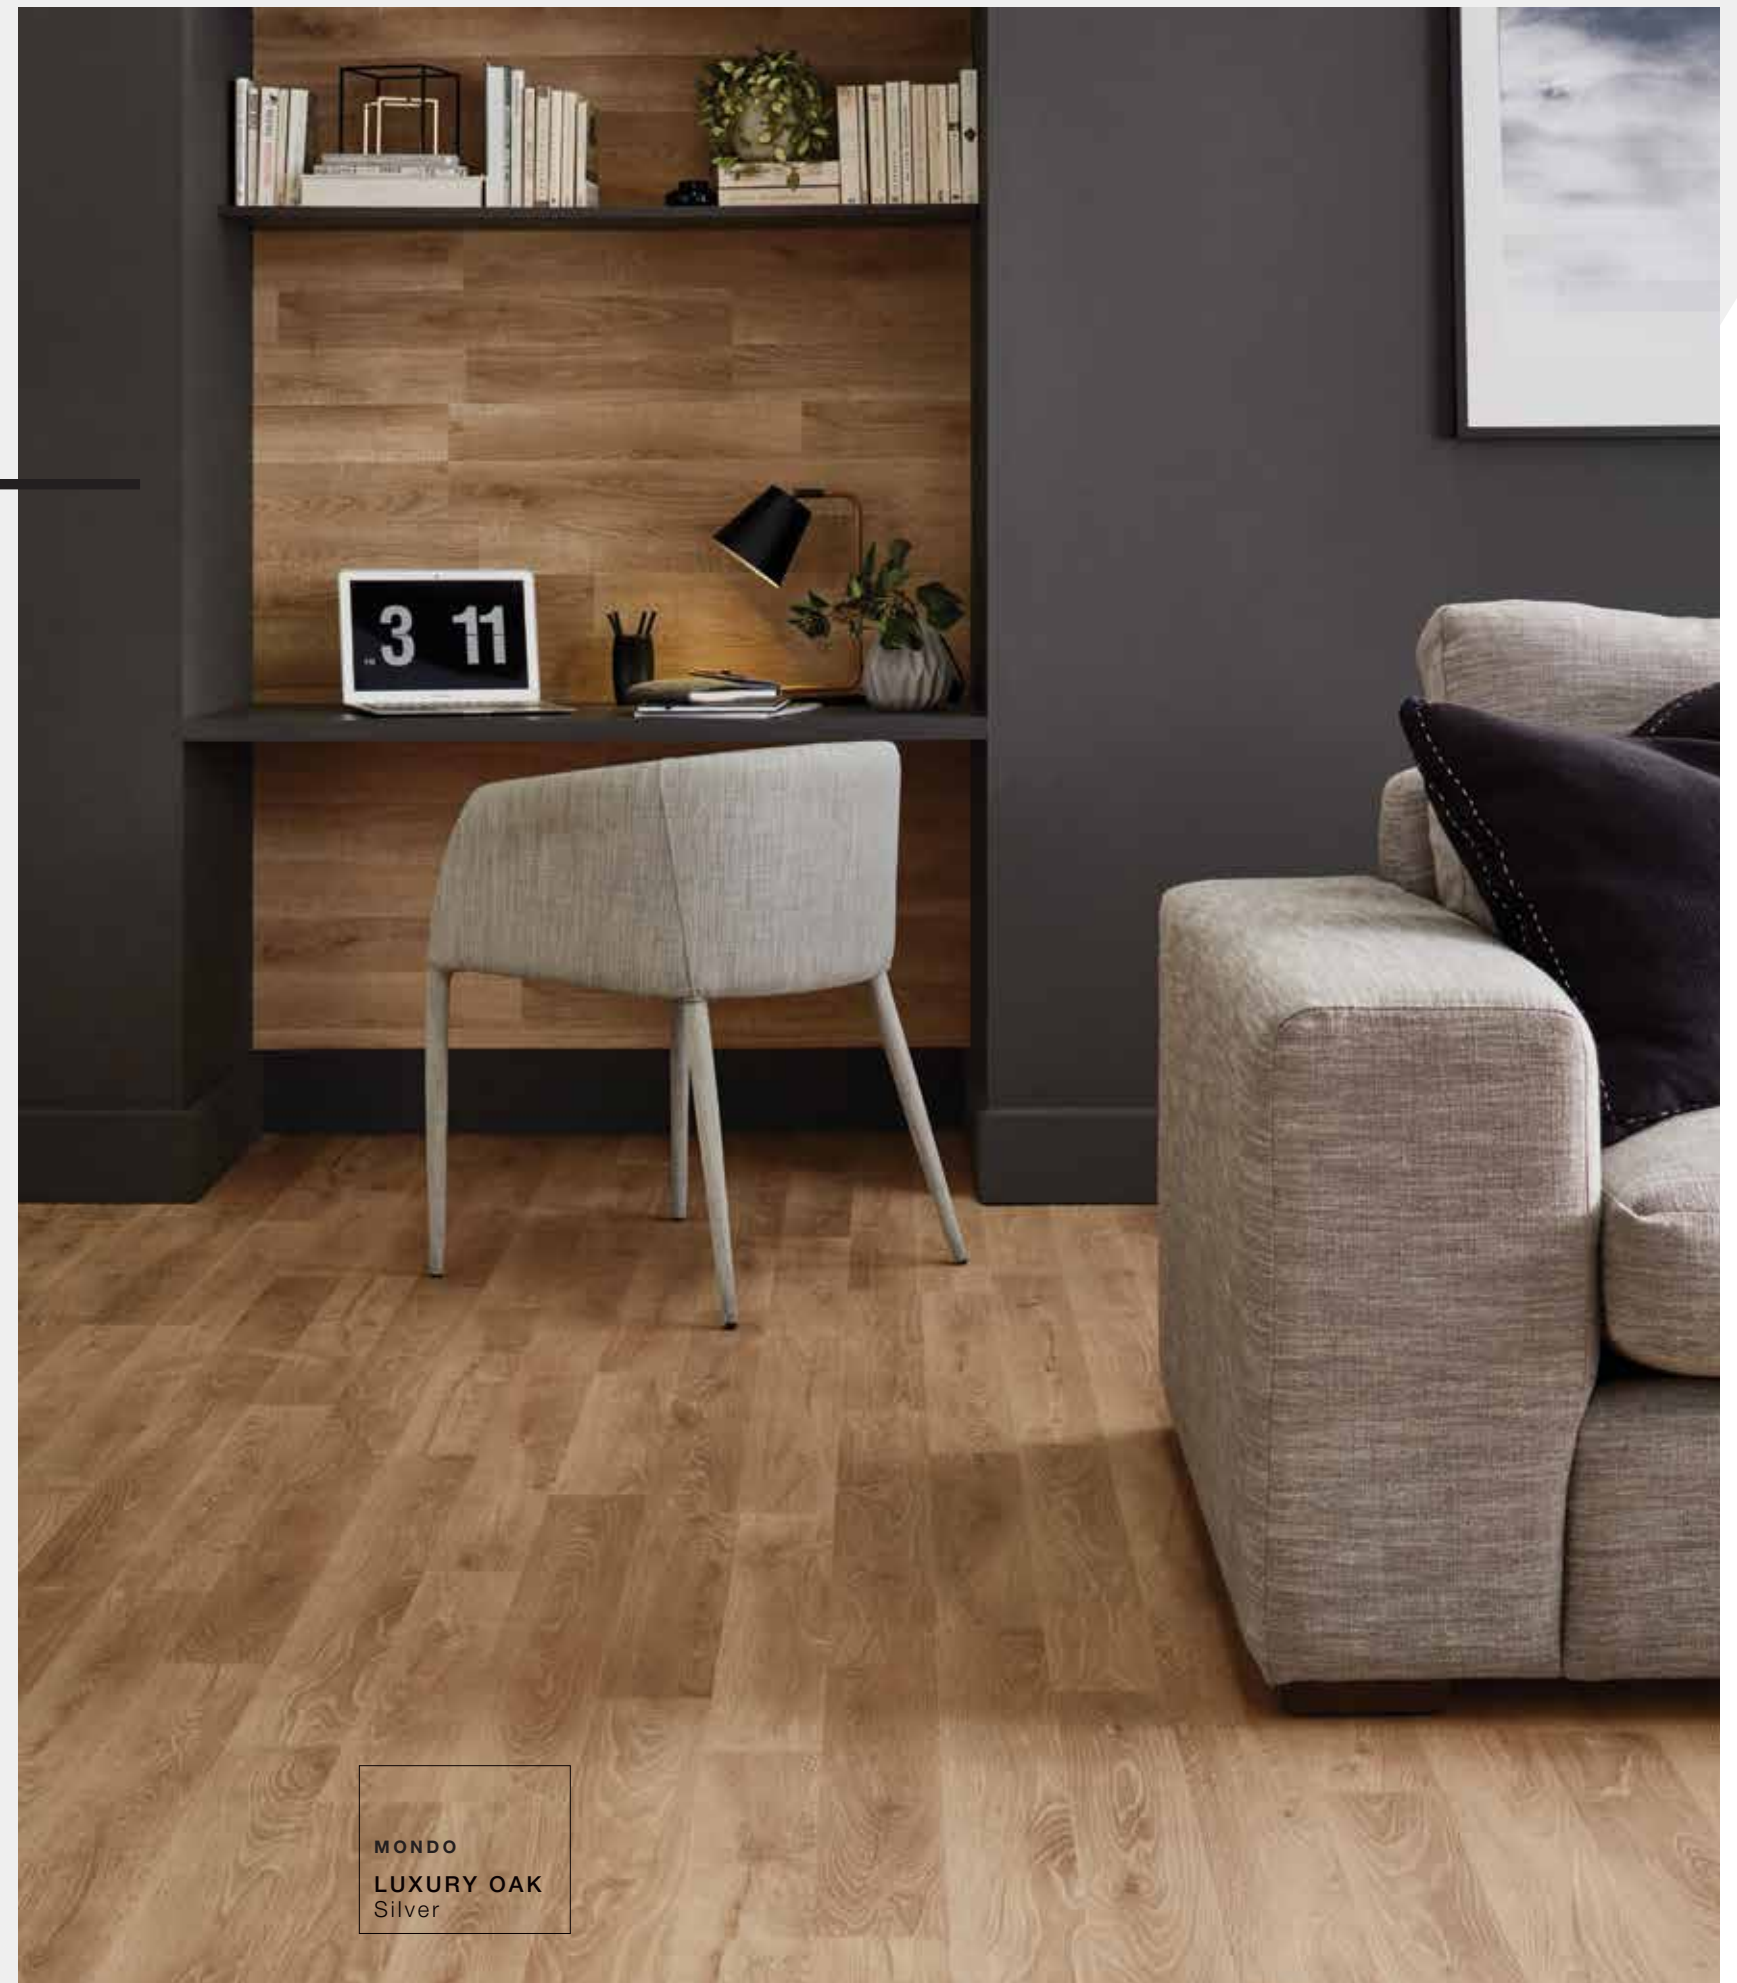

The sleek, contemporary design of Godfrey Hirst laminate floors offer an affordable and durable flooring option and has the beauty of a natural solid timber floor.

Manufactured in Germany, Godfrey Hirst Laminate floors are of the highest quality and durability with an accurate and authentic representation of timber.

Available in a variety of striking designs and colours, Vue, Amor, Belle and Mondo ranges are bursting with character and depth that will accentuate the beauty of any home and allow you to create your own unique space, it is the perfect foundation for years of memories.

With Godfrey Hirst laminate floors you are not just limited to decorating your floor. Our floors are an extremely versatile decorative surface product that can be used in both horizontal and vertical applications. This makes our range the perfect solution to creating your own unique space on both your floors and feature walls with minimal effort.

Thanks to the durability that comes with German manufacturing they can be used to impress in both residential and commercial spaces.

FEATURES

Godfrey Hirst Laminate Floors are available in a unique range of profiles, surfaces and finishes. Look for these feature icons on product samples instore and online:

Profile	Feature	Benefits
	Micro Bevel Edges	Micro bevel edges create a small V-shape between each board for an authentic look.
	Square Edges	Square edge boards sit level for a sleek and seamless floor.
Finish	Feature	Benefits
	Matte Finish	Boards with a matte finish reflect the natural look and feel of timber.
	Embossed	Embossed in register is the textured embossing on the surface, which follows the grain to provide a dramatic level of realism.
	Vertical & Horizontal Use	Boards can be used in both a vertical and horizontal application.
	Low Maintenance	Low maintenance and easy to clean. Vacuums easily and marks can be removed with just a soft, damp cloth.
Emissions	Certification	Benefits
	E1 - 185	European E1 Emissions Standard Certification

CONSTRUCTION

5G Insta Clic®

Vue, Amor, Belle and Mondo all feature the 5G Insta Clic® system, which allows for fast, simple DIY installation. In one single action, the boards snap and lock together with greater strength and stability. No glue or nails are required so you can install and walk on your floor the same day.

Underlay

Size:

Arriba®/ Arriba Plus®: 25m or 50m rolls

NB: Underlay installed graphic side down.

Godfrey Hirst Floors Underlay range comprises of two options to ensure our underlay meets the requirements of your new floor.

Godfrey Hirst Arriba® Underlay is a high density, closed cell foam underlay that significantly reduces the noise of footsteps and integrates a moisture barrier between your floor and existing subfloor.

- Inert, does not deteriorate or mildew
- Good tear, tensile, and compression strength
- Levels out moderately rough structural floors
- Provides a moisture barrier
- Lays flat with good thickness tolerance

Godfrey Hirst Arriba Plus® Underlay is high quality acoustic underlay that has been designed to provide optimum acoustic performance and comfort under foot. It provides superior impact sound insulation.

- Reduces the drum sounds of your floor
- Enhances underfoot comfort
- Excellent thickness tolerance
- Excellent tear, tensile, and compression strength
- Lays flat for easy installation
- Will not mildew or hold moisture

ACCESSORIES

Scotia

Laminate Scotia - The Godfrey Hirst Floors Scotia range has been produced to suit your laminate floor, and is the perfect way to conceal the expansion gap where your newly laid floor joins skirting boards, kickboards and the walls of the room.

Laminate Scotia is foil wrapped high-density fibreboard (HDF). With over 30 colours available to suit our laminate floors range you will find the perfect colour to complete your look.

All Godfrey Hirst Scotia can cover an expansion gap of up to 15mm and are all available by the piece.

Size:

Piece: 2400 x 15 x 15mm

Box: Available by the piece

Stair Nosing

Stair Nosing is available to complete your laminate floors by allowing you to incorporate your staircase for a sophisticated look.

Size:

Laminate Piece: 2700 x 32 x 20mm

Box: Available by the piece

3 in 1 Trim

3 In 1 Trim - The Godfrey Hirst Floors 3 in 1 Trim range has been meticulously designed for the Laminate Flooring range to ensure that the finishing touches in your new room are flawless. The range of trims can be used as a cover, ramp or end trim and have an adjustable plug system to ensure it meets all of these requirements.

The range is foil wrapped aluminium and is available in over 30 colours to suit the entire range of laminate floors. They are exceptionally hard wearing and are manufactured to achieve an AC3 abrasion rating.

Size:

Piece: 2700 x 37.5mm

Box: Available by the piece

End Profile

End Profile - The Godfrey Hirst Floors End Panel range is the latest addition to the accessories range, and has been developed to ensure a clean finish to your floors, where the floor meets window frames, sliding door tracks or kitchen cupboards. It is available in a range of thicknesses and are foil wrapped aluminium and available in over 30 colours.

Size:

Piece: 2700 x 8mm, suits 8mm laminates

2700 x 12mm, suits 10/12mm laminates

Box: Available by the piece

RATINGS

Abrasion Ratings

The abrasion ratings of laminate floors range from AC1 (bedroom) - AC5 (public buildings). Godfrey Hirst Vue, Amor, Belle and Mondo laminates achieve an abrasion resistance rating of AC4 or higher.

Class Ratings

The class rating represents impact and stain resistance as well as the effects of furniture legs, castors, and other performance indicators. It is divided into Residential and Commercial. If the product is commercially rated, it will perform even better in your residential home.

A two digit numerical is shown within each icon where;

First digit indicates the rating: **2 = Residential 3 = Commercial**

Second digit indicates traffic intensity level: **1 = Moderate 2 = General 3 = Heavy**

Class Ratings	Class	About
	2 Residential - 1 Moderate Traffic	Suitable for: bedrooms or guest rooms*
	2 Residential - 2 General Traffic	Suitable for: bedrooms, living rooms, dining rooms*
	2 Residential - 3 Heavy Traffic	Suitable for: bedrooms, living rooms, dining rooms, kitchens and hallways*
	3 Commercial - 1 Moderate Traffic	Suitable for: hotel rooms or small office*
	3 Commercial - 2 General Traffic	Suitable for: office, boutiques or cafés*
	3 Commercial - 3 Heavy Traffic	Suitable for: public buildings or department stores*

*Excludes: bathrooms, toilets and laundries
